Thanks Beth. non responsive [REDACTED] The original list of R10 sites for the Administrator has been cut down to EMF (FMC/Simplot) non responsive [REDACTED]. The information provided on the other sites will be included in Mathy's briefing materials for the Listening Session, so they'll still be used.

Hi Beth,
I haven't seen them yet, but it's great to hear that they're ready and just need to be sent!
Thanks,
Christine

Hi, Christine and Anne. Did you get updates on Simplot, FMC and non [REDACTED] the White House meeting? We have a bit of confusion here in the region on who was to be sending those to you. Let me know if you didn't get them.

Thanks!
